

Employment Screening Application

Introduction

As part of our on-boarding procedure all successful applicants go through our employment screening process. This policy helps to ensure that all new employees are reliable and honest therefore protecting the interests of our company, existing employees, clients, partners and other stakeholders. The background checks made will establish your eligibility to work in the UK, confirm your identity, verify details of your previous employment and qualifications and where necessary. A criminal record check and financial checks with a credit reference agency will also be undertaken.

The employment screening process will fully comply with Data Protection and other applicable laws. We will advise you of the results from the screening process and give you the opportunity to explain or clarify any discrepancies.

- All fields are mandatory so please take care to complete the form fully. Missing information will result in delays which could mean your employment commencing later than scheduled.
- Please ensure the consent declaration at the end of this form is signed and dated.
